25X1A .

## september 1947

5. A rejiment equipped with about 25 flipters of loviet make arrived at the sixield in September 1947. The aircraft had jellow propelier habs. A square with four write and red pections was pointed on each wing, the fusciage and the radier assembly. And regiment numbered 500 to 600 men; their training was supervised by two loviet contains and two soviet first lieutenants. Soviet Jel RADYWOVICH occasionally arrived at the cirtical to inspect the filling training of the relian units. A plate with the inscription "Fulk let" was attoched to the barracks
